CORE POSITIONING

Trade-focused Brand

Built exclusively for professional distribution channels.

Construction Supply Partner

Reliable hardware solutions for residential and commercial construction.

Stable Distribution Support

Consistent quality and predictable supply for growing markets.

North America Network

Efficient inventory and replenishment for faster delivery.

PRODUCT COLLECTION

Complete architectural hardware solutions for residential and commercial projects.

MECHANICAL LOCKS

Reliable locking systems designed for everyday performance, security, and durability.

DOOR HARDWARE ACCESSORIES

Complete installation components engineered for smooth operation and long service life.

Reliable Locking Solutions
For Residential & Commercial Projects

Door Konb - Crystal

Material :	Crystal knob/Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover:	3-55/64" × 2-41/64"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb - Crystal

Material :	Crystal knob/Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover:	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb - Crystal

Material :	Crystal knob/Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover:	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Front Entry Handle

Material :	Zinc alloy panel and lever / Stainless steel handle
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Outside panel:	10-11/32"×2-9/16"×33/64"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Front Entry Handle

Material :	Zinc alloy panel and lever / Stainless steel handle
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Outside panel:	17"×2-9/16"×33/64"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Front Entry Handle

Material :	Zinc alloy panel and lever
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose	Φ 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Front Entry Handle

Material :	Zinc alloy panel and lever
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover	2-9/16" x 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Security Set

Material :	Zinc alloy thumb knob / Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Security Set

Material :	Zinc alloy lever / Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Security Set

Material :	Zinc alloy lever and cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Cover:	2-9/16"x2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Cover:	2-9/16"×2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Cover:	2-9/16" × 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Stainless steel knob and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder:	Zinc Shell & Brass Core Cylinder
Cover:	2-9/16" × 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Zinc alloy knob/ aluminum alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover:	2-9/16" × 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Konb

Material :	Zinc alloy knob & cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover:	2-9/16" × 2-9/16"
Face plate:	1"x2-1/4" square corner standard
Strike plate:	2-1/4" full lip square corner standard
Door opening direction:	Fit for right and left hand door

Door Lever

Material :	Zinc alloy cover / Aluminum alloy lever
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever and cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy cover / Aluminum alloy lever
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Aluminum alloy lever / Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-9/16" x 2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Aluminum alloy lever / Stainless steel cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	2-9/16" x 2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

DL38305

Door Lever

Material :	Aluminum alloy lever / Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose :	2-9/16" x 2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Aluminum alloy lever / Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Aluminum alloy lever / Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-3/4"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever / Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever / Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose:	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose:	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Stainless steel lever and rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose:	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever/ Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose:	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Aluminum alloy lever/ Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Rose:	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever/ Stainless steel cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-19/32" × 3-5/8"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Door Lever

Material :	Zinc alloy lever/ Stainless steel cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Deadbolt

Material :	Stainless steel rose/ Zinc alloy Thumb knob
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Deadbolt

Material :	Stainless steel rose
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Rose :	Φ2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Deadbolt

Material :	Zinc alloy cover
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Deadbolt

Material :	Zinc alloy cover and Thumb knob
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	2-9/16"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

Deadbolt

Material :	Zinc alloy cover and Thumb knob
Backset :	Adjustable 2-3/8" or 2-3/4"
Door thickness :	Adjustable from 1-3/8" to 1-3/4"
Cylinder :	Zinc Shell & Brass Core Cylinder
Cover :	3-11/32"x2-9/16"
Face plate :	1"x2-1/4" square corner standard
Strike plate :	2-1/4" full lip square corner standard
Door opening direction :	Fit for right and left hand door

DOOR HARDWARE ACCESSORIES

Complete Components
For Professional Installation

Features

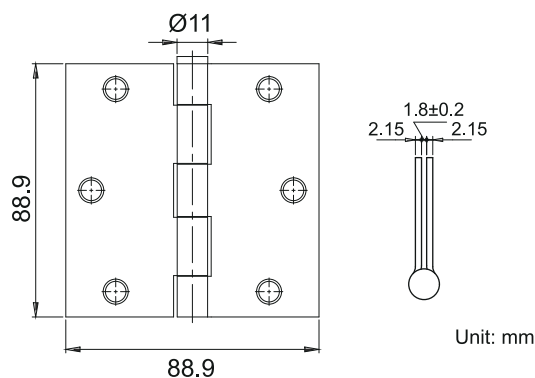

- For wooden frames
- With loose pin
- For flush interior doors
- Knuckle without ball bearings
- Suitable for left hand and right hand

Technical data

Max. door weight for 3 door hinges 50 kg

Knuckle diameter 11 mm

Steel Material thickness 2.15 mm

Fixing

Cutting depth 2.3 mm

Description	Material	Finish	Size (Inch)
Butt Hinge	Steel	BK	3.5×3.5
Butt Hinge	Steel	SN	3.5×3.5

Features

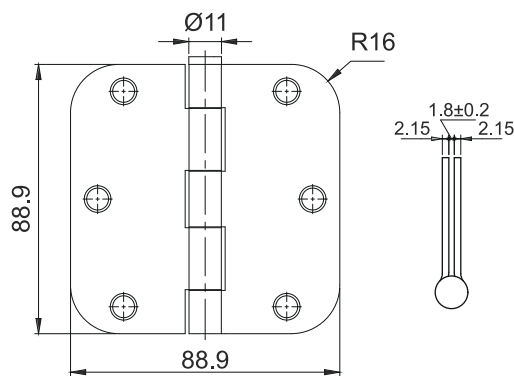

- For wooden frames
- For flush interior doors
- With loose pin
- Knuckle without ball bearings
- Suitable for left hand and right hand
